Try SCUBA Diving

If you ever wanted to try SCUBA diving but didn't want to commit to taking the full course we have the solution for you.

Sign up for the Discover SCUBA program at the Newburyport YWCA.

Discover SCUBA is an opportunity for you to try SCUBA diving; without having to commit to a full course. We will provide all the equipment and instruction, all you need to bring is a bathing suit. In one hour on a Saturday afternoon we'll teach you basic SCUBA skills and have you swimming and playing in the pool in no time at all.

Please sign up early because we will be keeping the sessions small, only four divers per hour. This small group allows you to have a truly personalized experience and instruction. We'll keep adding sessions until we get everyone in. Don't worry we won't leave anyone out.

If you become hooked on diving (which is easy to do) you can sign up for a full certification course that we'll be offering later in the year.

How it works:

Before we can do anything you first need to sign up with the membership staff at the YWCA. Each session will have a maximum of 4 participants. We'll spend one hour split between basic instruction and playing in the pool. We'll start in the shallow but by the end of the hour you'll be swimming all over the pool.

One day only:

September 26th starting at 4:00 PM.

Cost:

Members \$20 and Non-Members \$25

\$25 OR LESS

**Only need your
bathing suit**
